

Phonemic Awareness

game

Materials: Pencil, paperclip, stack of picture cards

Directions: Student flips a picture card, then spins the spinner. Wherever the paperclip stops the student follows the rule. For example, student flips a picture of a dog and paper clip stops at “tell me the ending sound” student will say /g/. I will often play this game as a quick warm up before our guided reading lesson. This game reinforces phonemic concepts that should have been mastered.

Spin and Tell
Phonemic Wheel

tell me a
rhyming word

tell me a word
with the same
beginning sound.

clap the
syllables

what is the
ending sound?

Spin and Tell
Phonemic Wheel

say the word
without the
first sound

segment
the word

use the word
in a sentence

what is the
middle sound?
